

FOIL PLOT OF IDLE

KELLEY'S ARMY ALLEGED TO BE
BACK OF REVOLUTION.

Report to Washington Shows Scheme
Was to Capture Federal Arms
at Rock Island, Ill.

Sacramento, Cal., March 19.—In a report to the War Department in Washington, Adjutant General Forbes of the National Guard of California has officially recognized an alleged plan of "General" Kelley's unemployed army to seize the federal arsenal at Rock Island, Ill., in order to equip an army of 500,000 men with arms and ammunition for a revolution.

General Forbes' report is based on one made to him by Lieut. Franklin Grimes of a Sacramento company of the state guard, who joined Kelley's army as a hobo several days ago while acting as a spy in behalf of his chief. Lieutenant Grimes with a wealth of detail told how he had gained the confidence of the leaders of the unemployed, who divulged to him their plot for capturing the United States government. There was to be a gathering of many armies at Chicago, according to Grimes, the men reaching that city as best they might. The leaders, according to the militia spy, believed they could assemble 500,000 at Chicago. Then, moving in force, they would attack and capture the arsenal.

Railroads out of Chicago would be commandeered, said the lieutenant, and the unemployed force, well armed, would be rushed toward Washington, where it would at once have the federal government at its mercy. There would be no more of a nation-wide rebellion of workmen against employers of labor, which would depose all civil and military authorities, and install the army's leaders as supreme.

COAL TRUST ROAD IS SUE

U. S. Begins Suit Against Lehigh and
Subsidiaries When Court Order
Is Disobeyed.

New York, March 20.—Proceedings in equity were instituted on Wednesday against the Lehigh Valley coal subsidiaries and 15 individuals in the United States district court of New York to compel the company to dispose of its anthracite coal land holdings and conform to the government's disposition order issued more than a year ago.

United States district attorney Marshall filed the suit, which charges the defendants with being parties to a conspiracy in restraint of trade and monopolization by attempting to harass the production, transportation and sale of anthracite coal other than their own.

It is claimed that the defendants have been and are attempting to monopolize the production, transportation and sale of coal from mines along their lines. This being done, it is stated, by the railroad acquiring control of such mines and lands, by acquiring control of the output of independent producers and by exerting the power of the Lehigh railroad as a carrier to give undue preference and advantages to the coal-producing and trade companies controlled by it and discriminate against competitors.

SENATE HITS BILL

WOMEN FAIL TO GET TWO-THIRDS VOTE NEEDED TO AMEND CONSTITUTION.

VOTE 35 YEAS, 34 NAYS

Amendment Proposed By Senator
Shafroth Gives the States Right to
Vote Direct—Senator Ollie James
Opposes Move.

Washington, March 21.—Women suffrage advocates lost their fight Thursday in the United States senate for a resolution proposing an amendment to the federal Constitution giving women the ballot. The vote was 35 yeas and 34 nays, a two-thirds affirmative vote being required for passage.

The amendment offered by Senator Vardaman of Mississippi, which provided in effect for the repeal of the fifteenth amendment to the Constitution, was defeated, 48 to 19.

The amendment to the joint resolution offered by Senator Williams of Mississippi, which provided that only white women should enjoy the right of suffrage, was lost, 44 to 21.

Immediately after the vote was taken Senator Shafroth of Colorado announced that he would offer an amendment providing that whenever 5 per cent of the voters of any state petitioned for the question of woman suffrage to be submitted to the voters the question should be so submitted.

Following is the vote in detail on the resolution that failed of adoption:

Ashurst, Brady, Bristow, Burton, Chamberlain, Clapp, Clark (Wyo.), Callinger, Cronin, Hollis, Hughes, Jones, Kenyon, La Follette, Lane, Lea (Tenn.), Myers, Nelson, Newlands, Norris, Owen, Perkins, Polk, Ransdell, Shafroth, Sheppard, Sherman, Smoot, Stephenson, Sterling, Sutherland, Thomas, Thompson, Townsend, Tamm, Bradley, Brandegee, Bryan, Catron, Dillingham, Du Pont, Gore, James, Johnson, Lee (Md.), Lodge, McCumber, McLean, Martin, Martineau, Oliver, Overman, Page, Pittman, Pomerene, Reed, Shields, Smith (Ga.), Smith (Mo.), Smith (S. C.), Swanson, Thornton, Tillman, Vardaman, Weeks, Williams, West—34.

Senator Lewis of Illinois was absent.

The proposed Shafroth amendment embodied in the plan which has been adopted by the National Association for Woman Suffrage through its congressional committee here.

Senator Ollie James of Kentucky asserted that his state had had one limited experience of woman suffrage in a local school election. He said on that occasion ten negro women voted for every white woman who went to the polls.

Senators from the suffrage states replied to these arguments by saying that the question was neither one of state's right nor of expediency, but of fundamental justice.
